REMINDER

The regular monthly meeting in February is the annual awards and potluck dinner which starts at **6:30 p.m.** So, bring your sweetie (yep, it's Valentine's Day) and arrive early enough to set out your food, submit your items to Find of the Month, and socialize with your friends.

*Eureka THC is not responsible for the amount of trouble you'll be in for calling this
"a romantic Valentine's dinner"*

DESTINATION: NORTH POLE...or is it SOUTH POLE?!?!

I think there may be one of each at the February Hunt!
Come join us on Sunday February 16th for this seeded hunt.

Lots of targets. Lots of fun.

It will take place at the Dartmouth Elementary School playground
3050 South Laredo Street, Aurora CO 80013 at 11:30am

\$15 per hunter to be paid before the end of the regular February meeting

- I WILL respect private property and do no treasure hunting without the owner's permission.
- I WILL fill all excavations.
- I WILL appreciate and protect our heritage of natural resources, wildlife, and private property.
- I WILL use thoughtfulness, consideration, and courtesy at all times.
- I WILL build fires in designated or safe places only.
- I WILL leave gates as found.
- I WILL remove and properly dispose of any trash that I find.
- I WILL NOT litter.
- I WILL NOT destroy property, buildings, or what is left of ghost towns and deserted structures.
- I WILL NOT tamper with signs, structural facilities, or equipment.

No-hunt Clinic and Sale by Linda Kibbler

The January 12th clinic for metal detecting hunt held at the Clements Center was quite fun . There were about 30 participants who were there to ask questions about different equipment. Others brought equipment to sell. We gained one new member and a potential for a second new member. It was a successful hunt alternative for a cold January day.

THE PREZ SEZ

by
Chris Davis

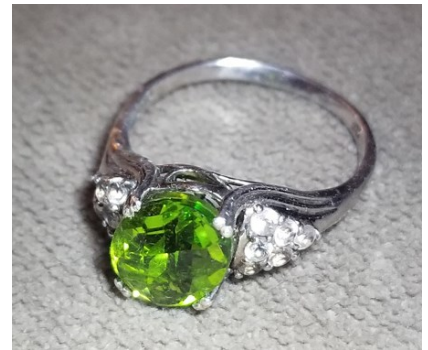

February, 2020

Hopefully, detecting conditions in February will be a bit better than we had in January. The 20 degree mornings kept much of the ground frozen. Digging in frozen ground is kind o' tough for us light-weights. I walked by a pretty good number of quarter signals just too deep to get at. I did go out to a

tot lot and dug up (actually, chipped out) a nice silver ring with pretty green stone (same color as my teeth). Well, it would have been nice if I had got it out of the ground in one piece. The ring was bent, big time, and the stone was knocked loose. I was able to bend it back and reset the stone and, surprisingly, it does not look too bad.

I also went over to Mamie Eisenhower trees, but the fields were frozen solid. a spot of blue paint on it. The coin was Coinhuna hunt, and therefore is ineligi-zen ground, I was able to dig only about break my digging tool in the process. gets, which I thought was a zinc penny, band. enough during the Holidays. Fortu-Meeting!!! Everyone brings some-queens (again).

Keep in mind, our February **POTLUCK MEETING STARTS AT 6:30 p.m.** rather than our normal time of 7:30.

February is also our annual **AWARDS MEETING.**

FINDS OF THE YEAR - At the January meeting we all voted on which of the monthly finds winners we thought were the best during 2019 in the Gold, Coin, Jewelry, Token and Artifact Categories. These Finds of the Year winners will be recognized at the February Meeting.

THE DAN SPROUSE MEMORIAL AWARD (also known as the President's Award) is presented by the President to the club member he feels helped him the most during the preceding year.

Dan Sprouse was an enthusiastic Eureka! Member and Club President for two years. He wore out a White's 6-DB detector, and after only 2 ½ years in the hobby, passed a count of 50,000 coins retrieved. Dan passed away midway through his second term as President.

(Continued on page 7)

(Continued from page 6)

THE GENE KOTLAN AWARD winner was selected by the general membership in a secret ballot vote at the December club meeting. The recipient was chosen on the basis of the fellow club member who has contributed the most for the good of the club during the preceding year. The votes were tallied by an outside source, the winner will not be known to anyone in the club until presentation of the awards at the February meeting.

Gene Kotlan was one of the original founders of the Eureka! Treasure Hunters Club, Inc. in January of 1973. He was a local metal detector dealer who sponsored the initiation of the Club. Gene died while metal detecting.

THE CHARLES A. JOHNSTON AWARD (also known as the Member of the Year Award) was chosen by the Board Members and will be presented to the non-board club member who they felt has persistently and unselfishly volunteered his or her time, materials, and services to the club during preceding year.

Charles A. Johnston was one of the organizers of the Club. He always found something “good” or interesting whenever he searched and shared his interest in history by involving the Club with various historical society searches. He died in September, 1991.

THE GOLDEN QUILL AWARD is sponsored by the Newsletter Editor and presented to the club member who has contributed most to the success of this publication through written contributions.

See you at the meeting!

Who's New

by Bruce Morton

Noah Booco and **Debbie Stewart** joined us at the December 2019 meeting; he from Lakewood and she from Brighton. Noah is lucky enough to have Debbie as his grandmother (yeah, I didn't believe it either, but that's the story they're sticking to). Noah is a native of Colorado while Debbie, long ago, relocated here from Illinois. We thank member Joan Tinkelman for referring them to us.

Noah's treasure hunting (gold panning, magnet fishing, and detecting) is hampered by the pesky requirement that he attend school. He swings an Garrett Ace 250 coil, and lends his first machine, a Bounty Hunter, to Debbie. She uses it while not being a pharmacy tech, or pursuing her other interests which include travel, historical sites, antiques, and watching sprint car dirt track racing.

They have both expressed interest in the Breakfast Club.

Welcome to Eureka Noah and Debbie!

Eureka! Breakfast Club

by
Chris Davis

Friday, January 3rd

The Breakfast Club, of the Eureka! Treasure Hunting Club, made its first outing of the new year. Hunting conditions were a bit iffy, at best. Temperatures were in the 40's, it was sunny with a nice breeze. There was still a good bit of snow on the ground, and approximately 80% of the ground was still frozen. Never-the-less, just like we had good sense, 7 or 8 of made a run anyway.

After a great breakfast, we headed over to Ruby Hill Park to give the snow sledding slopes a try. Some of the south facing slopes were thawed out enough to dig. Bruce M., on his very first target, dug and uncovered a vey nice silver ring. The ring had a military-type eagle on each side, and "Secundaria" on the front. Of course,

"Secundaria" in Spanish means "High School". It appears to be a female high school ring. Excellent find!

Bruce's ring was pretty much our best find. We picked up a number of other items. Mike M. picked up a pair of sunglasses, a pendant and a foreign coin. Cindy B. got a broken ring. Roy N. and Jeff M. found wheat-ear pennies. I dug up a broken whistle. Jeff and I did best on change. Jeff had \$6.07, while I ended up with \$6.45.

Not too bad, considering the conditions. And, Jeff and I have averaged picking up over \$6 on every hunt we have made this year. Bruce has averaged recovering a silver ring on every hunt he has made this year. Looks like it is going to be a bumper year!!!

Saturday, January 18th

The Eureka! Breakfast Club gathered together on January 18, 2020. The weather has not been overly great for detecting so far this month. Temperatures were in the 40's. Cold mornings have kept much of the ground frozen. Fortunately, the sun was out, which really helped warm things up. After breakfast, we opted to drive over to Barnum Park for to try a hunt. Barnum

(Continued on page 9)

(Continued from page 8)

has a good bit of south exposure slopes, and we hoped it would be digable. And so it came to pass. Fourteen of our members attended. Unfortunately, Barnum also has a great deal of trash, but we were at least able to make recoveries. Mike M. did best on coins, with \$4.27. Randy S. and I each had around \$3. Raffi, Jeff M. and Alan B. all found dollar

coins. Alan B. found 2 Wheat-Ear Pennies, and Mary S. found 1. We had a 3-way tie for best find of the day, depending on your individual preference. Ken H. picked up a very nice Boot Knife with pink trim (it goes well with his eyes). I found a silver religious medallion with gold inlay. It would have been very nice, if it had not been hit by a lawnmower. Lastly, as Kevyn was walking out, he found a ring! Which is why, one should detect all the way back to one's vehicle at the end of a hunt. At this point, we are not sure if it is silver or stainless steel. Not a bad day.

In-Town Hunt Information

In-Town club hunts are meant to be fun, first and foremost. They provide a context outside of the meetings for fellowship with club members. To put on an in-town hunt you need to:

- Schedule with the Hunt Coordinator or President (see the contact list).
- Provide the Hunt Coordinator a plan.
- Send the hunt flyer to the newsletter editor in an appropriate format for insertion into the newsletter (see the contact list).
- Provide flyers at the monthly meeting.
- Ensure the hunt rules are discussed BEFORE the hunt.
- Police the hunt.
- Decide if the hunt is a members only or an open hunt (non-members may hunt).
- Write a story for the newsletter and send it and accompanying photos to the newsletter editor prior to that month's deadline.

To ensure the continuation of this hobby and to provide the best impression of Eureka! and its membership, you, as hunt master, MUST enforce all rules, including:

1. Pouches to store finds and trash must be worn and used at all times during the hunt.

2. All hunters must wear headphones.

3. Absolutely no tolerance of holes left open (a first warning, followed by a time-out or expulsion from the hunt).

4. Hunters digging and leaving trash of any sort on the hunt field will receive the same treatment discussed above.

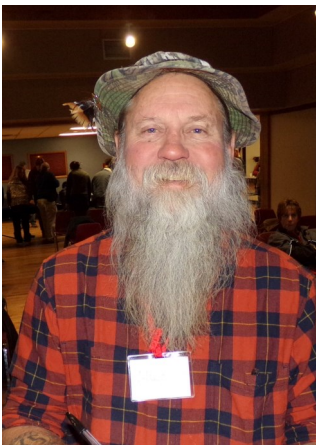

All hunts will need to be okayed by Hunt Coordinator (see the contact list) prior to officially being put in the newsletter and put on.

Failure to follow the guidelines may result in hunts being cancelled.

Hunts may be paid for in advance. This helps the hunt master with planning for how much should be planted in the field. In case a person must miss the hunt, their prepaid fee may be refunded if they call the hunt master before the hunt and cancel, other circumstances will be reviewed. No refund will be given for just plain failure to show up to the hunt.

Who's Also New

by Bruce Morton

Donald "Mug" Greth joined Eureka at the January meeting, having found us on an Internet search. Mug detected through his high school years and has recently returned to the hobby. He resides in Rio Rancho, New Mexico.

When not detecting, he's a surveyor for a large construction company, but has many other interests, including bow hunting, fly fishing, motorcycle riding, classic cars, "*and on and on.*"

Mug is using a Whites MX Sport detector and is interested in the Breakfast Club.

We welcome you, Mug.

Eureka! Hotline Discontinued

In the past members have been advised of last-minute changes in Club Events, often due to adverse weather, by calling the Eureka! Hotline. With the adoption of our mass emailing list, the hotline is an unnecessary expense and has been discontinued.

In the event of a meeting or event cancellation a mass email will be sent to all members, so make sure we have a valid email address. The email will be addressed to the President, and everyone else will be included in "bcc" (blind cover copy), so no-one will be able to see your email address.

If you do not use email, be sure to let us know so we can put you on a call list.
