Majestic March Madness Hunt

by
John Olson

Greetings from semi-beautiful Watkins, Colorado!

The **Majestic March Madness Hunt** was held March 10th at Majestic View Park with 35 Eureka! Members detecting for hundreds of silver coins, Buffalo nickels, tokens and other artifacts.

Four tokens were planted for the Final Four (March Madness) prizes and a Spyderco token was buried as well. The prize tokens were found by Bill Chapman, Jeff Lubbert, Ron Graves and Kevyn Llewellyn who were each rewarded with a silver round! Brian Henry found the Spyderco token which is good for a Spyderco knife at the next Eureka! Meeting.

(Continued on page 2)

A big thank you to the following! Tom Peeples for his help acquiring targets and planting. Bruce Morton for donating silver, making the flyer, help with planting, and taking pictures. President Chris Davis acquired the coins, helped with planting and organizing. Nancy Faires brought snacks, made coffee and supplied drinks and helped with sign up. Linda Kibler supplied the generator and helped with the finances. Alan Bravo helped with planting and with Eureka! University. Thank You to **Spyderco Knives** and Boots and Laura Lewis for the Knife. Volunteers within our club make the task of putting on an activity like this much easier!

April 2019

First, let me congratulate the 2018 recipients of our club's Special Awards.

But, before I do that, I would like to acknowledge the huge number of our Club Members who go out of their way, spending their time and resources, to make this Club great. Selecting members for the Special Awards is an extremely difficult process. We have so many deserving individuals, and we only have 4 awards.

So, let me personally thank each and every one of you for your contributions and interest in the Club.

Dan Sproun Memorial Award: This award is made by the Eureka! President to the Club Member he was felt had assisted him most during the previous year. This recipient for 2018 was Bruce Morton.

Gene Kotlan Award: The general membership of the Club selected the member they felt had helped the Club the most during the previous year. The 2018 award was presented to Nancy Faires.

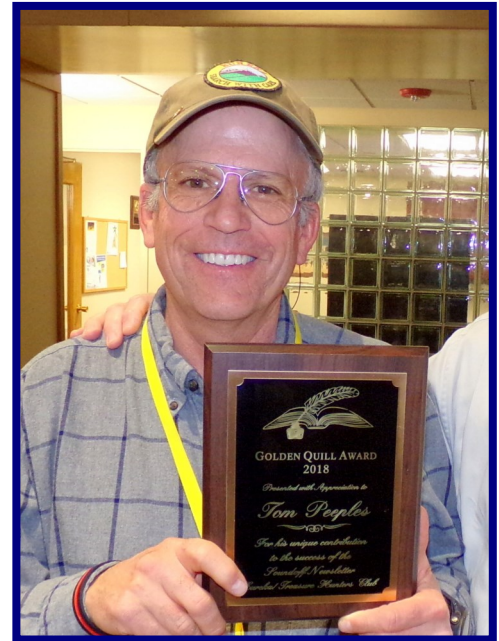

(Continued on page 5)

(Continued from page 4)

Charles A. Johnson Award: This individual, or couple, is chosen by the Board as the person(s) they felt had been most helpful to the Club during the previous year. Randy and Mary Sable received the award for 2018.

Golden Quill Award: This is a new award selected by the Newsletter Editor and presented to the Club Member he felt had contributed the most to the Newsletter. This 2018 recipient was Tom Peeples who submitted a number of excellent, informative, articles to our newsletter.

I also have the pleasure of reporting the Finds of Year Awards for 2018.

(Continued from page 5)

As I have always said, one of my favorite things about the Eureka! Treasure Hunter's Club Meetings are the Finds of the Month. Our members regularly bring in a wide range of extremely interesting items they have found since the last meeting. And the best of the best of these finds are recognized by the **Finds of the Year Awards**.

Gold Category: Randy Sable. Randy won with a wonderful 14K gold chain and Mariners Medallion. He found it on a Breakfast Club hunt outing, in a snow storm.

Jewelry Category: Jay Reed. Jay dug this silver ring, with Black Hills Gold leaf, in a park in Spearfish, South Dakota.

Coin Category: Chris Davis. Chris picked up this small hammered gold coin while detecting in England near a small medieval monastery. The coin was an Edward III Quarter Nobel, minted in the 1360's.

Token Category: Alan Bravo. While detecting in Butte, Montana, Alan found a great 2½ Cent in Trade Token for Walker's Bar.

Artifact Category: Jack Hoover. Jack edged out the competition with a medieval "casket key" (1,000-1,400 AD) he found in England. This is not a coffin key. In England, they call all box type keys, "casket keys", just to keep us ignorant Americans off-balance.

(Continued on page 7)

(Continued from page 6)

Some interesting statistics:

During 2018, twenty-eight of our members won at least once in Finds of the Month. Some of our members won a number of times.

In the Gold Category, Chris won 3 times, and Win won twice.

In the Jewelry Category, no-one won more than once.

In the Coin Category, Alan won 3 times, and Dan Beucker and Cindy B. both won twice.

In the Token Category, Alan won 3 times, and Chuck won twice.

In the Artifact Category, Alan won 5 times.

Are you beginning to see a trend here?

Overall, Alan won 11 times. Win and Chris each won 5 times. Randy, John O., Tony F. and Chuck each won 3 times.

Congratulations to all! I hope to see some new leaders next year.

In-Town Hunt Information

In-Town club hunts are meant to be fun, first and foremost. They provide a context outside of the meetings for fellowship with club members. To put on an in-town hunt you need to:

- Schedule with the Hunt Coordinator or President (see the contact list).
- Provide the Hunt Coordinator a plan.
- Send the hunt flyer to the newsletter editor in an appropriate format for insertion into the newsletter (see the contact list).
- Provide flyers at the monthly meeting.
- Ensure the hunt rules are discussed BEFORE the hunt.
- Police the hunt.
- Decide if the hunt is a members only or an open hunt (non-members may hunt).
- Write a story for the newsletter and send it and accompanying photos to the newsletter editor prior to that month's deadline.

To ensure the continuation of this hobby and to provide the best impression of Eureka! and its membership, you, as hunt master, **MUST** enforce all rules, including:

1. Pouches to store finds and trash must be worn and used at all times

during the hunt.

2. All hunters must wear headphones.
3. Absolutely no tolerance of holes left open (a first warning, followed by a time-out or expulsion from the hunt).
4. Hunters digging and leaving trash of any sort on the hunt field will receive the same treatment discussed above.

All hunts will need to be okayed by Hunt Coordinator (see the contact list) prior to officially being put in the newsletter and put on.

Failure to follow the guidelines may result in hunts being cancelled.

Hunts may be paid for in advance. This helps the hunt master with planning for how much should be planted in the field. In case a person must miss the hunt, their prepaid fee may be refunded if they call the hunt master before the hunt and cancel, other circumstances will be reviewed. No refund will be given for just plain failure to show up to the hunt.

Eureka! Breakfast Club

by
Chris Davis

First Friday: March 1st

The Breakfast Club of the Eureka! Treasure Hunting Club met on Friday, March 1, 2019. The weather for metal detecting during February has been something less than ideal. It seems it has snowed every Friday or Saturday all month long.

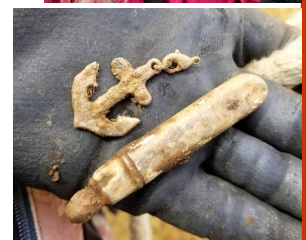

On March 1, we got a semi-break with relatively clear weather, just before yet another snow storm was forecast to arrive. So, after a great breakfast at the Lookin' Good Restaurant, 12 of us went over to City Park to give it a try. The ground was what I call "semi-frozen". You could dig, but you had to work at it. Our efforts were rewarded with 3 rings. None were great,

but a ring is a ring is a ring. Mary S., Mike M. and Marcus L., all found rings.

The best find of the day belonged to Marcus, who got his first wild ring, a stainless steel man's wedding band; an excellent find. Jeff M. retrieved a nice anchor pendant and the remains of an old eating utensil.

Third Saturday: March 16th

Ten members of the Eureka! Breakfast Club gathered at the Lookin' Good Restaurant on March 16, 2019. To be quite honest, I did not think that many would show up. Only 3 days prior we had a significant snow storm, and hunting conditions were doubtful. Nevertheless, after breakfast, we went over to Ruby Hill Park for a hunt.

The open ground actually allowed recoveries. Marcus got a very nice toy car. I was so jealous. Two rings were found. Marty S. recovered what appears to be a nice 14K plated ring. The ring I picked up would probably be best described as gaudy junk. But, a ring is a ring is a ring. A new prospective member, Will K., making his first hunt with us, dug up a pretty bracelet. I had a deep "quarter" signal, and was pleasantly surprised to come up with a silver religious medallion. However, my best find was the handle of a 7" folding knife. It looks more like a folding machete. I am pretty sure Spyderco did not make it. I thought I was being competitive in

(Continued from page 16)

the coin recovery category with \$1.78, until I spoke to Mike M., who recovered 3 dollar coins stacked together in one hole. When you hot, you hot.

Considering conditions, we had a very good hunt.

Miscellany

The following email was received from the widow of a former Eureka! member. The message has been responded to with condolences. It is shared here to publicize, at her request, the sale of her husband's detectors.

Subject: Metal detectors

My husband, Ron Roberson, was a member of your club for some time and thoroughly looked forward to the meetings. Due to his health he really couldn't hunt but loved to do so.

Ron passed away on February 9 and he left behind 3 metal detectors. He loved his **Whites Spectra V3i** and he had **2 Garrett AT Pros** - one he barely used and the other is brand new. He also had the ATs in brand new camouflage bags and he had a shovel, pointer and digging tools.

I have advertised them on Craigslist but the interest I've had is coming from people who really don't know what they're doing. I know Ron would be proud to have a true fanatic purchase them. I am selling the Whites for \$800 and \$500 each for the Garretts - if anyone in the club is interested please have them contact me. If you don't want to share this with the membership please let me know -

Thank you,
Jan Roberson
