April Hunt Report

During the April meeting the vast majority of the people in attendance voted to move the date of the scheduled hunt from April 15th to April 22nd due to predicted nasty weather. We voted by a show of hands and we had about 40 people say that they would attend the hunt if it was held on the 22nd as opposed to the 3 that said they would be at the hunt if we held it on Saturday the 14th. With a vote like that it made for an easy decision. On the originally scheduled hunt date the weather was better than predicted but still nowhere near as nice as it was on

the 22nd. So it appears that we made a good choice in postponing the hunt for a week.

We had 27 people show up and pay the \$4.15 entry fee to enjoy this hunt. The hunt began at 1:00 with a brief description of the rules. There were three separate hunt fields; hunt field 1 had over 600 cents scattered throughout both memorial and wheat pennies, hunt field 2 had Indian head pennies secreted away within its boundaries, and hunt field 3 had large cents and flying eagle cents just under the surface. The hunters needed to find six wheat pennies in order to move to the hunt field with the Indian head pennies. Then they needed to find three Indian head pennies to move into the large cent/flying eagle cent field. Once in the LC/FE cent field they were allowed to find only one of those planted targets and then they had to start over in the wheat cent field and start over from scratch in order to work their way back up to the LC/FE cent field.

The hunt started about 15 after the hour due to the fact that we didn't want to plant too many of the large cents or flying eagle cents so Joe Koch and I planted those after everybody checked in. We began with a perimeter start around hunt field 1. This hunt field should have been bigger but we were limited in space at this location of the park. In a rapid fashion the hunters started gathering the pennies. Within a couple of minutes people started to make their way towards Joe and I to make sure they had the proper number of wheat pennies. There were a few people that didn't hear me properly and thought that any 6 pennies moved them into the Indian Head field, I reiterated that it took 6 wheaties for them to move on and sent these misconstrued people back to

Secretary's Report

April 13, 2012

President Ron Erickson called the March meeting to order at 7:30. There were approximately 61 members present and several guests, including **Ron Lamb** and **Lori Atencio**.

Tom Noel was the guest speaker. He's known as "Dr. Colorado". He's a Professor of History and Director of Public History, Preservation & Colorado Studies at University of Colorado Denver (UCD). His presentations are always informative and entertaining. After his presentations, the audience has a far better appreciation of the era and the area he's discussed.

Roy Neys won the Berkley Lake Sinker contest.

Metal detecting is now permitted in Wheat Ridge. A permit is required. Go to <http://www.ci.wheatridge.co.us/DocumentView.aspx?DID=3558> for the application and rules/regulations.

April's hunt at Sloan's Lake was simply great—great targets, three fields and beautiful weather. A hunter had to find six pennies in the first field to advance to the second field, where the hunter had to find three Indian Head pennies to advance to the third field. In the third field, the huntmasters (Jeff Lubbert and Joe Koch) planted Flying Eagle cents and Large cents.

Don't forget the Moose Hunt is this month. Details can be found in this newsletter.

Thanks to **Diane Lubbert** and several other members for the tasty snacks.

Don't forget, any member can write an article or forward an Internet/magazine article (with credit to the author/publisher) to Jeff Lubbert, coindigr@hotmail.com, for

this newsletter. Also, if you have any suggestions, talk with a board member.

Lulu's Bling Clue Hunt

Cindy Bockenstedt found April's bling. In fact, she found it just a few days before the meeting—instead of going out as soon as the newsletter was on the Internet. That's unusual for Cindy, but she wanted to give everyone a chance to find the Bling.

The Prez Sez

By Ron Erickson

May Prez says

Did we go straight into summer or is it just my imagination?

Thanks to the people involved in getting us back into the parks in Wheat Ridge. We will have more details at the next meeting. It does require a permit so make sure you follow the rules and set a good example.

I am sorry I missed the Penny Hunt. From what I hear, it was great. The Moose Hunt should be a really fun outing. Sheri and Steve have granted us permission to use land in the mountains where moose can be found, of course.

We have also lined up a great area to have the Blue and Gray Hunt and hope to get some re-enactors to enhance the experience.

Now is the time to get out and Hunt it is amazing how many times a great item has been found when we decide to just get out and do it. My machine has never found anything sitting in the basement

Has yours?

Happy Hunting! Ron

Treasure Puzzle

A cryptogram is an encoded message. The code used is called a simple substitution cypher. This means that the message is encoded by replacing each character in the message with a letter of the alphabet. Every time a particular character occurs in the message, it is replaced with the same code letter. Word spacing and punctuation are not changed.

Some people like to solve cryptograms much like some people like to do crossword puzzles. The cryptogram is solved by looking for frequently used characters and clues provided by letter patterns and word spacing. Solve the cryptogram shown below, find LuLu's bling and bring it to the next regular Eureka! meeting to collect a prize.

Finds of the Month - January

GOLD - Charlie Fulton

10 kt Ring w/ Roman Soldier

Charlie was swinging his Garrett Sea Hunter Mark II when he came across this ring. Recovered from 8" deep it was a bit of a task to recover this little gem.

TOKEN – Ron Erickson

McKeirnan & Co - 1 Loaf Bread

Ron was at the "fun hunt" at Berkeley Park Lake using his XLT when he came across this interesting token.

JEWELRY - Richard Kibler

(2) Silver Rings stuck together

Richard and Linda were doing a bit of detecting when Linda came up with a nice ring. Not to be outdone, Richard's DXF sounded off on this pair of rings. SWEET!!

ARTIFACT - John Hinton

1879 Sacred Heart Button

John was at the "fun hunt" we had at Berkeley Park Lake using his MXT outfitted with a Bigfoot coil when he discovered this VERY special button.

COIN - Jim Geith

searching for wheaties.

The Indian Head field slowed down the better share of the competitors. This field didn't have nearly the number of targets that the wheatie field had. Several competitors did make it into the LC/FE field in fairly quick fashion. But they were once again slowed down by even less number of targets within this field, just ask Cindy. I know that there were a few people that had successfully gotten into the LC/FE cent multiple times during our allotted time for this hunt.

The SpyderCO bug and mini knife were planted in hunt field 1, Joe and I taped three zinc pennies to each of these items and covered them with enough dirt to hide the coins. These targets were not recovered till after the hunt was declared over and open hunting was allowed. Boot Lewis found the SyderCo bug and Richard Kibler recovered the mini knife.

I heard several compliments during and after the hunt so I hope that everybody had a good time. I would like to thank Joe Koch for his help in planning and running this hunt. Without Joe's help this hunt would have been impossible to pull off.

Upcoming 2012 Events

MAY OUTING

The American Numismatic Association National Money Show will be held May 12 the Colorado convention Center. Our guest speaker for May, Christopher Marchase, will be giving a presentation at the event at 11:00 a.m. called "The Private Coinage of Joseph Lesher and His Referendum Medals". There will be a museum showcase which will include the ANA's collection of Lesher dollars, and several of Mr. Marchase's Lesher dollars will be on loan. Admission to the show is free to ANA members, and \$6 for non members, but there is a coupon for \$2 off at national-moneyshow.com. Admission will gain access to the bourse floor, the numismatic theater, where Mr. Marchase will be giving his presentation, and the exhibit area. Mr. Marchase is currently working on a token exhibit related to the Cripple Creek Mining district that he hopes to exhibit there as well. The doors open at 10:00 a.m. If you are interested in going, plan to meet at the Convention Center at 10:00 a.m. [or whatever time you think.]

UPCOMING SPEAKERS

Our speaker in May will be Christo-
pher Marchase, President of Colorado
Tokens & Rare Coin. He will do a presen-
tation of Clark and Gruber and will also
touch a bit on Colorado trade tokens. In
1859, Gold nuggets and gold dust were
used for commerce in the Territory of Jef-
ferson, later to be renamed Colorado, be-
cause there was no other medium of ex-
change. Gold dust brokers paid \$12 to
\$16 an ounce, and there were many abus-

es. It was impossibly difficult to transport gold to Philadelphia and equally impossible to transport coins from Philadelphia back to Colorado because of the danger and likelihood of stagecoach robbery. To improve these conditions, the Clark brothers, Austin and Milton, along with Emanuel H. Gruber became bankers, brokers, assayers, and minters in Denver, and in July of 1860 the firm struck four denominations. Christopher Marchase will share the story.

In-Town Hunt Schedule

As a Eureka member we want you to participate in and help put on In-Town club hunts. These hunts are ment to be fun, first and foremost. They provide a context outside of the meetings for fellowship with club members. To put on an in-town hunt you need to:

- Schedule with the Hunt Coordinator (see the contact list).
- Provide the Hunt Coordinator a plan.
- Send the hunt flyer to the newsletter editor in an appropriate format for insertion into the newsletter (see the contact list).
- Provide flyers at the monthly meeting.
- Ensure the hunt rules are discussed BEFORE the hunt.
- Police the hunt.
- The hunt master for any particular hunt can decide open hunt (non-members may hunt) or members only.
- Write a story for the newsletter and send it and accompanying photos to the newsletter editor prior to that month's deadline.

To ensure the continuation of this hobby and to provide the best impression of Eureka! and its membership, you, as hunt master, MUST enforce all rules, including:

1. Pouches to store finds and trash MUST be worn and used at all

times during the hunt.

2. All hunters must wear headphones.

3. Absolutely no tolerance of holes left open. A first warning, followed by a time-out or expulsion from the hunt.

4. Hunters digging and leaving trash on the hunt field should receive the same treatment discussed above.

All hunts will need to be okayed by Hunt Coordinator (see the contact list) prior to officially being put in the newsletter and put on.

Failure to follow the guidelines may result in hunts being cancelled.

See page 10 for planned hunts and openings. See page 19 for Hunt Coordinator & Newsletter Editor contact information.
